

Howdy, Tacoma Hogs,

Just want to give you guys a great big Texas SHOUT OUT. We had a great time on our ride with you all on the Sound to Summit ride. We can't thank you guys enough for allowing us to tag along. We truly hope our presence did not jinx the ride.

It was a day of great views, great roads, great curves, and even greater fellowship. It was also a day of mishaps. We hope everyone fared as well as we did. No injuries and the bike can be repaired. The young man that backed into us turned out to be a stand up guy and his insurance is covering all the repairs on the rental.

We want to send a special thanks to Marc and Russ for taking us to the falls and for taking care of us after the mishap. You guys are truly what the HOG family is all about.

If any of you ever get to Beaumont, Texas, please look us up. We are members of Cowboy HOG and we would love for you to come ride with us someday.

Again, thanks so much for a great day and a great ride.

As for now, we are riding off into the sunset...

Jo Ann and Nolan Boykin
